HARLEY

THE DESIGN THAT HAS BECOME AN ICON

Handsomely interpreting a heritage of independence and adventure, the Harley Collection infuses the intimacy of the bath space with the spirit and romance of the open road.

HARLEY - DAS DESIGN, DAS ZUR IKONE WURDE

Die Harley-Kollektion interpretiert das Erbe der Unabhängigkeit und des Abenteuers und verbindet die Intimität des Badezimmers mit dem Temperament und der Romantik der Landstraße.

STRIKING STYLE

With an adaptable design by GRAFF's G+ Design Studio and precision engineering, the collection exudes modern elegance and confidence across a diverse selection of interiors.

Metallic finishes evoke the glint of chrome in the sun and the rich industrial heritage of copper, brass and steel. Alongside natural elements, a matte or black finish complements the abstract mineral veins of a marble wall.

Mit dem anpassungsfähigen Design des G+ Designstudios von GRAFF und präziser Technik strahlt die Kollektion moderne Eleganz und Selbstvertrauen in einer Vielzahl von Innenräumen aus.

Metallische Oberflächen erinnern an das Glitzern von Chrom in der Sonne und an das reiche industrielle Erbe von Kupfer, Messing und Stahl. In Verbindung mit natürlichen Elementen ergänzt eine matte oder schwarze Oberfläche die abstrakten Mineraladern einer Marmorwand.

LUNA

BATHING BY MOONLIGHT

With its gleaming crescent moon silhouette, the Luna Collection artfully celebrates the relationship between water and the moon, recalling the sensual pleasures of bathing by moonlight.

LUNA BADET IM MONDLICHT

Mit ihrer schimmernden Mondsichel-Silhouette zelebriert die Kollektion Luna kunstvoll die Beziehung zwischen Wasser und Mond und erinnert an die sinnlichen Freuden des Badens bei Mondschein.

The spout's luminous celestial form appears suspended in the air as it evokes flowing water, soothing the soul, and conjuring the rhythm of the tides and the beauty of the cosmos.

Die leuchtende, himmlische Form des Auslaufs scheint in der Luft zu schweben und erinnert an fließendes Wasser, das die Seele beruhigt und den Rhythmus der Gezeiten und die Schönheit des Kosmos beschwört.

MOONLIGHT SONATA

Luna's long, slender curvilinear spout is a revelation in modern elegance and sculptural functional design. Glimmering concave handles reveal the slight curve of a gentle wave, as though drawn by the pull of the moon.

Radiant polished metal finishes such as chrome, nickel and brass give the collection a reflective quality, highlighting its aesthetic appeal and architectural harmony.

MONDSCHEINSONATE

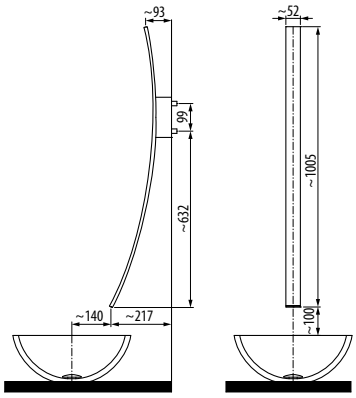

Der lange, schlanke, geschwungene Auslauf von Luna ist eine Offenbarung an moderner Eleganz und skulpturalem, funktionalem Design. Die schimmernden, konkaven Griffe zeigen die leichte Kurve einer sanften Welle, als ob sie von der Anziehungskraft des Mondes angezogen würde.

Strahlend polierte Metalloberflächen wie Chrom, Nickel und Messing verleihen der Kollektion eine spiegelnde Qualität, die ihren ästhetischen Reiz und ihre architektonische Harmonie unterstreicht.

PHASE

HARMONY AND BALANCE

An homage to the circle as a symbol of unity and balance, the Phase Collection is a clean and simple union of sensuality and precision, evoking the phases of the moon and the cycles of nature.

HARMONIE UND GLEICHGEWICHT

Die Kollektion Phase ist eine Hommage an den Kreis als Symbol der Einheit und des Gleichgewichts. Sie ist eine klare und einfache Verbindung von Sinnlichkeit und Präzision, die an die Mondphasen und die Zyklen der Natur erinnert.

With sloped, rounded tips, cylindrical stands and circular bases, Phase's slender spout and handles bring a sense of symmetry and harmony to the bath scape.

Mit ihren abgeschrägten, abgerundeten Spitzen, den zylindrischen Standfüßen und den runden Sockeln bringen die schlanken Ausläufe und Griffe von Phase ein Gefühl von Symmetrie und Harmonie in die Badlandschaft.

CAPTIVATING WITH CLARITY

Elegantly unifying interior elements, the Phase Collection centers the bath space with captivating simplicity and clarity.

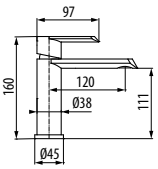

FESSELNDE KLARHEIT

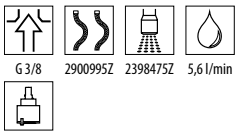

Die Kollektion Phase vereint auf elegante Weise Einrichtungselemente und zentriert den Badbereich mit bestechender Einfachheit und Klarheit.

SADE

A NEW FORM OF BEAUTY WITH ALLURING MINIMALISM

Bringing a sophisticated sense of whimsy with alluring minimalism, the purity of Sade's profile seamlessly coalesces with the architecture of the bath space. With an arched mixer that is both playful and sophisticated, the collection pays joyful homage to the aesthetic and emotional impact of rounded contours.

EINE NEUE FORM DER SCHÖNHEIT MIT VERFÜHRERISCHEM MINIMALISMUS

Die Reinheit des Profils von Sade, das einen raffinierten Sinn für Eigenwilligkeit mit verführerischem Minimalismus verbindet, fügt sich nahtlos in die Architektur des Bades ein. Mit einer gewölbten Armatur, die sowohl verspielt als auch raffiniert ist, ist die Kollektion eine fröhliche Hommage an die ästhetische und emotionale Wirkung von abgerundeten Konturen.

WÜRDEVOLL UND ANMUTIG, MIT EINEM AUGENZWINKERN

Glänzend und elegant steht Sade im Bad als architektonisches Element mit einem definierten zeitgenössischen Design.

Mit ihrem geschwungenen, flachen Auslauf erinnert ihr Wasserfluss an einen Wasserfall; die Griffe geben die Kurven des Auslaufs wider und verleihen der Kollektion einen zusätzlichen Charme.

DIGNIFIED AND GRACEFUL, WITH A WINK

Gleaming and elegant, Sade stands in the bathroom as an architectural element with a defined contemporary design.

With a curved, flat spout, its water flow resembles a cascading waterfall; the handles recall the spout's curve, giving the collection an extra hint of charm.

CELEBRATING THE SHAPES OF NATURE AND WATER, SADE COMPLEMENTS EARTH TONES AND STONE ELEMENTS.

A Matte Black finish emphasizes Sade's fine form, centering the bath space with black-tie elegance.

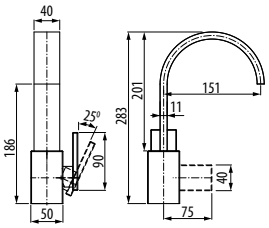

SADE ZELEBRIERT DIE FORMEN DER NATUR UND DES WASSERS UND ERGÄNZT ERDTÖNE UND STEINELEMENTE

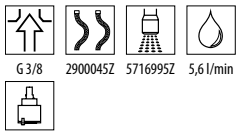

Die mattschwarze Oberfläche unterstreicht die feine Form von Sade und bildet mit schwarzer Eleganz den Mittelpunkt des Badezimmers.

SOLAR

WARM MINIMALISM

A minimalist vision of rectangles, cubes and right angles, the Solar Collection's well-defined profile personalises the bath scape with warmth and character, suggesting the shimmer of the sun.

WARMER MINIMALISMUS

Die Kollektion Solar ist eine minimalistische Vision aus Rechtecken, Würfeln und rechten Winkeln. Das klar definierte Profil verleiht dem Bad Wärme und Charakter und erinnert an den Schimmer der Sonne.

EIN PERFEKTES OBJEKT, UM EINE NEUE FORM DES DESIGNS ZU SCHAFFEN

Die Armaturen und Griffe von Solar verkörpern die stromlinienförmige Anziehungskraft und Präzision der Kollektion. Der solide, schimmernde geometrische Stil der Kollektion erinnert an Stärke, Selbstvertrauen und die elegante Schlichtheit der modernen Architektur.

SOLAR FLAIR

SOLAR STIL

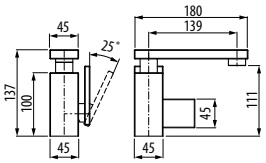

Inspired by the power of the sun to soothe and revitalize, Solar's composition of right angles explores the art and geometry of perfect alignment.

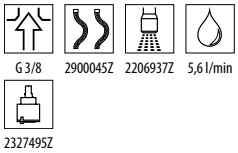

Inspiriert von der Kraft der Sonne, die beruhigend und belebend wirkt, erforscht Solar mit seiner Komposition aus rechten Winkeln die Kunst und Geometrie der perfekten Ausrichtung.

WATER SAVING TECHNOLOGY

GRAFF's sensor mixers are expertly engineered with advanced technology for convenience and conservation. Waterflows only when the sensor is activated, eliminating the waste of water that occurs when mixers are left running. Protecting earth's most precious resource while presenting a versatile minimalist design, GRAFF's sensor mixers set the course for a green future.

WASSERSPARTECH-NOLOGIE

Die elektronischen Armaturen von GRAFF wurden mit fortschrittlicher Technologie entwickelt, um den Komfort zu erhöhen und Wasser zu sparen. Das Wasser fließt nur dann, wenn der Sensor aktiviert ist, wodurch die Wasserverschwendung vermieden wird, die entsteht, wenn Wasserhähne laufen gelassen werden. Die Sensorarmaturen von GRAFF schützen die wertvollste Ressource der Erde und bieten gleichzeitig ein vielseitiges, minimalistisches Design, das den Weg in eine grüne Zukunft weist.

MODERN DESIGN WITH A NOD TO TRADITION

Designed by GRAFF's celebrated G+Design Studio, the Bali Collection's modern curves artfully reimagine the stylings of a traditional water pump. Inspired by Bali's ingenious water system, the collection creates a feeling of oneness with nature, summoning the rustle of lush fronds and the soothing rhythms of tropical rain showers.

MODERNES DESIGN MIT EINEM HAUCH VON TRADITION

Vom GRAFFs berühmten G+Design Studio entworfen, stellen die modernen Kurven der Bali-Kollektion kunstvoll das Design einer traditionellen Wasserpumpe nach. Von Balis genialem Wassersytem inspiriert, schafft die Kollektion ein Gefühl der Einheit mit der Natur und ruft das Rascheln üppiger Wedel und die beruhigenden Rhythmen tropischer Regenschauer in den Sinn.

BALI

A TRIBUTE TO THE GREEN NATURE

Bali Collection's fixtures are meticulously formed from an internally hollowed block of solid brass, with intricate geometries enriched by stylish details informing the rhythmic aesthetic. The collection's lavatory handles are tubular, recalling the stylings of the water pump, or curvilinear, with slender, sloping lines conjuring the watery terraces of a Balinese rice field.

EINE HOMMAGE AN DIE GRÜNE NATUR

Die Armaturen der Bali-Kollektion werden sorgfältig von einem innen ausgehöhlten Block aus massivem Messing geformt. Die rhythmische Ästhetik wird durch komplizierte Geometrien und stilvolle Details bereichert. Die Griffe der Kollektion sind entweder röhrenförmig, was an die Form einer Wasserpumpe erinnert, oder kurvenförmig, mit schlanken, schrägen Linien, die an die wässrigen Terrassen eines balinesischen Reisfeldes erinnern.

Designed by Water

VOM WASSER ENTWORFEN

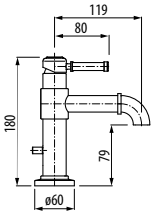

The Bali Collection's gently sloped, curved handles evoke Bali's lush landscape of terraced rice fields, while ringed spouts suggest bamboo pipes that carry fresh water from its mountain tops.

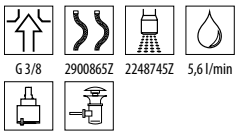

Die sanft geneigten, geschwungenen Griffe der Bali-Kollektion erinnern an die üppige Landschaft Balis mit ihren terrassenförmig angelegten Reisfeldern, während die ringförmigen Ausläufe an Bambusrohre erinnern, die frisches Wasser von den Berggipfeln transportieren.

FINEZZA

REFINEMENT & EXUBERANCE

The Finezza name and designs were inspired by the exquisite forms of the Art Deco era.

While reviewing the iconic works of Tamara de Lempicka the GRAFF studio designers were inspired by her outstanding legacy and contribution to the Art Deco painting movement.That's how another Art of Bath Series was created.

RAFFINESSE UND ÜBERSCHWANG

Der Name und das Design der Finezza wurden von den erlesenen Formen der Art Deco-Ära inspiriert.

Bei der Betrachtung der ikonischen Werke von Tamara de Lempicka ließen sich die Designer des GRAFF Studios von ihrem herausragenden Vermächtnis und ihrem Beitrag zur Art Deco-Bewegung inspirieren. So entstand eine weitere Art of Bath Serie.

MODERN TRADITION

The Finezza Uno and Due collections emphasize the intrigue of fine architectural details with clean lines, and curved bases that recall magnificent bells. Handles take simple cross or bar shapes, enhancing graceful mixers and presenting a confident profile.

MODERNE TRADITION

Die Kollektionen Finezza Uno und Due betonen die Faszination feiner architektonischer Details mit klaren Linien und geschwungenen Sockeln, die an prächtige Glocken erinnern. Die Griffe haben eine einfache Kreuz- oder Stangenform, die die anmutigen Armaturen aufwerten und ein selbstbewusstes Profil präsentieren.

CELEBRATE TIMELESSNESS

With its timeless silhouette, Finezza embodies a sophisticated elegance that spans over decades and shines for it stimeless glamour.Tamara de Lempicka had a vividstyle, characterized by clean lines and an elegant fusion of classical and contemporary elements.

ZEITLOSIGKEIT ZELEBRIEREN

Mit ihrer zeitlosen Silhouette verkörpert Finezza eine raffinierte Eleganz, über Jahrzehnte hin, und leuchtet mit ihrem zeitlosen Glamour. Tamara de Lempicka hatte einen lebendigen Stil, charakterisiert durch klare Linien und eine elegante Verschmelzung von klassischen und zeitgenössischen Elementen.

The Art of Wellness

Die Kunst des Wohlbefindens

PB
Polished Brass PVD

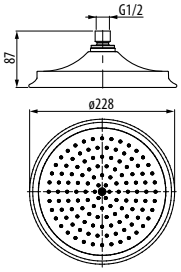

Inspired by the artistry of Italy's bellmakers, Finezza recalls exquisite bells that herald time in the personal wellness space reserved for renewal and rebalancing.

Inspiriert von der Kunstfertigkeit italienischer Glockengießer, erinnert Finezza an exquisite Glocken, die die Zeit im persönlichen Wellness-Raum einläuten, der der Regeneration und dem Wohlbefinden vorbehalten ist.

DESIGNER FLOW

Echoing the sweep and flow of designer gowns donned by stars of the silver screen, the Lauren Collection is destined for the spotlight.

Designer-Flow

In Anlehnung an die schwungvollen und fließenden Designerkleider der Leinwandstars ist die Kollektion Lauren für das Rampenlicht bestimmt.

The Charisma of Confidence

No ingenue, Lauren strikes a self-assured, charismatic pose, ready for the red carpet with an elegant silhouette, brimming with brilliance and expertly crafted for longevity.

Das Charisma der Zuversicht

Lauren ist keine naive, sondern eine selbstbewusste, charismatische Pose, bereit für den roten Teppich mit einer eleganten Silhouette, die vor Glanz nur so strotzt und fachmännisch auf Langlebigkeit getrimmt ist.

MECHANISMS OF ELEGANCE

The Camden Collection's rounded, streamlined profile recalls the sleek European racing cars of the early 20th century. Camden's tapered handles follow the forms of race-car bodies, while levers recall their shifters, and cross handles suggest wheel spokes.

Mécanismes d'élégance

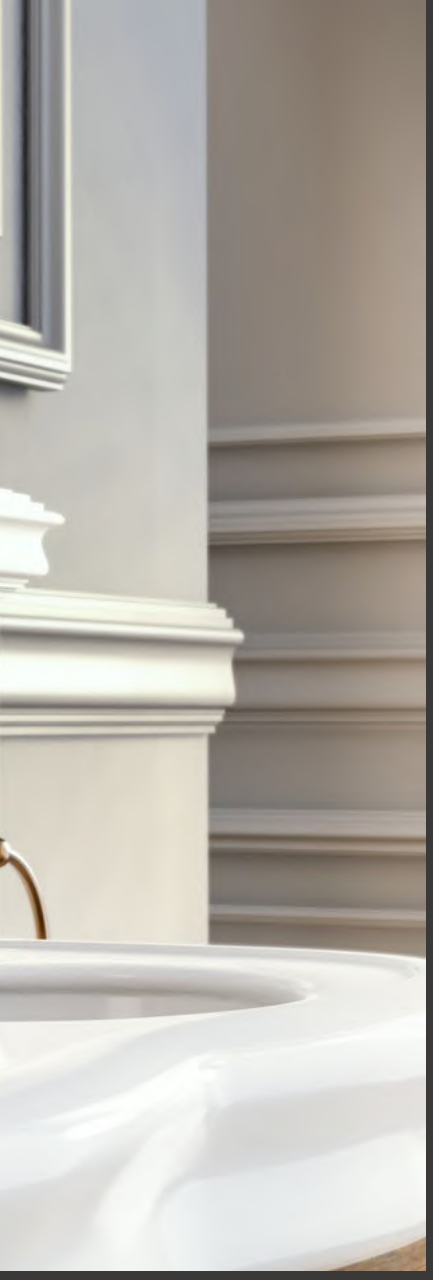

Le profil arrondi et aérodynamique de la collection Camden rappelle les élégantes voitures de course européennes du début du 20e siècle. Les poignées allongées de Camden reprennent les formes des carrosseries des voitures de course, tandis que les leviers rappellent les boîtes de vitesses et les poignées croisées les rayons des roues.

Mecanismos de elegancia

El perfil redondeado y aerodinámico de la colección Camden recuerda a los elegantes coches de carreras europeos de principios del siglo XX. Las asas alargadas de Camden recuerdan las formas de las carrocerías de los coches de carreras, mientras que las manetas evocan sus cajas de cambios y las asas cruzadas recuerdan los rayos de las ruedas.

Meccanismi di eleganza

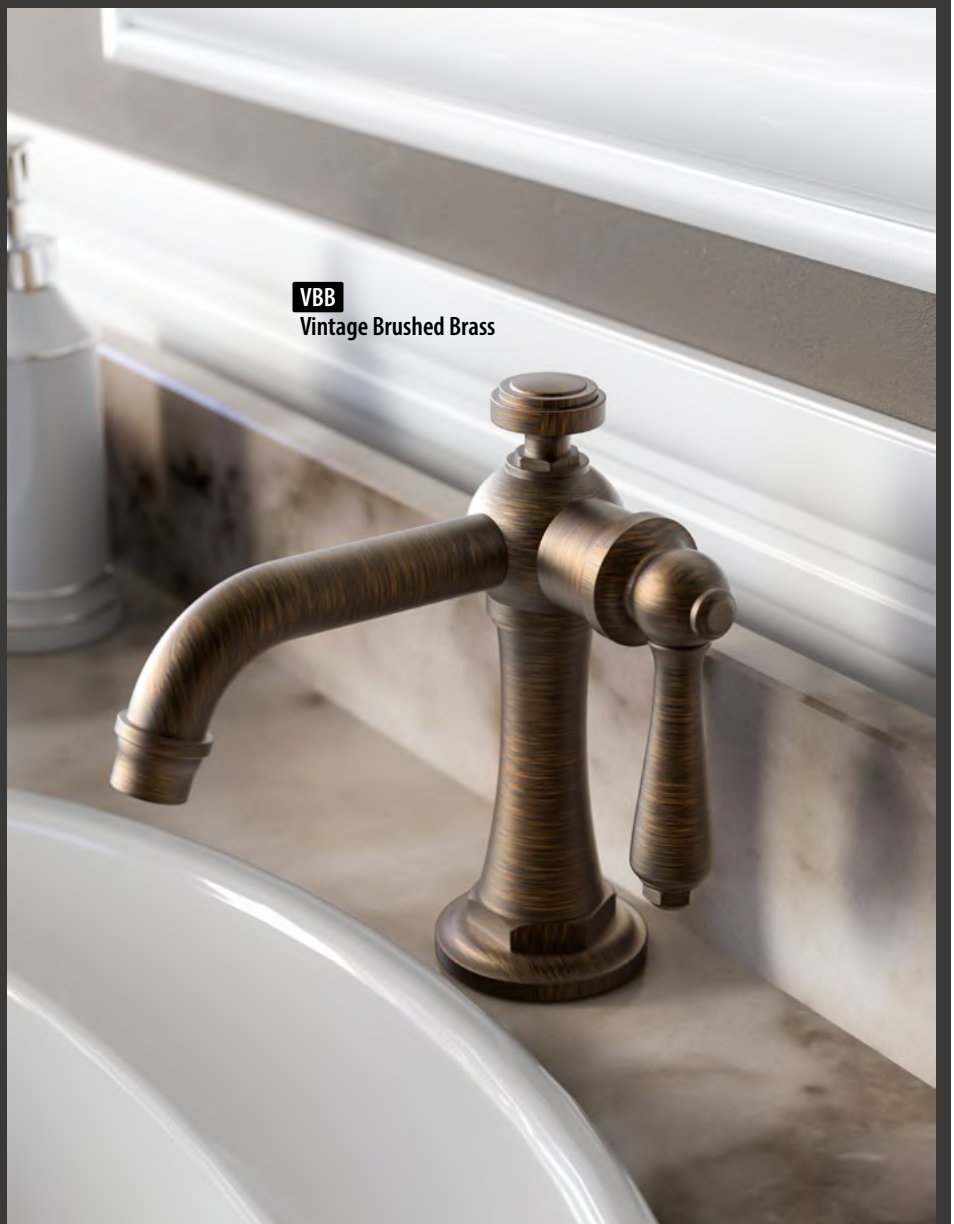

Il profilo arrotondato e snello della Camden Collection ricorda le eleganti auto da corsa europee dei primi anni del XX secolo. Le maniglie allungate di Camden riprendono le forme delle carrozzerie delle auto da corsa, mentre le leve ricordano i loro cambi e le maniglie incrociate richiamano i raggi delle ruote.

EN **M-series is a modular system that allows the user to combine diverters and cut-off valves in order to satisfy all application necessities.**

The new series is composed by a thermostatic mixer, two diverters and a cut-off valve which can all be mounted into a single compact block.

DE **M-series** ist ein modulares System, das es ermöglicht, Umsteller und Absperrventile zu kombinieren, um allen Anwendungs-Anforderungen gerecht zu werden.

Die neue Serie besteht aus einem thermostatischen Mischer, zwei Umstellern und einem Absperrventil, die so montiert werden können, dass sie einen einzigen Block bilden.

EN Modularity Features

- **A cut off valve can open and close one outlet independently from any other**
- **Each diverter can open and close only one of the outlets at time among the ones it controls**
- **Several diverters can be combined together one upon the other**
- **Apart from the 3-outlet diverter, all M-series valves have a pass-through function that allows the water to flow continuously from one valve to the next**
- **The M-series diverters also have volume control and on and off functions for each one of their outlets. For this reason they don't need an additional cut-off valve to operate**
- **The M-series allows to control up to 7 outlets with only 4 handles**

DE Modulare Eigenschaften

- Das Absperrventil öffnet und schließt einen einzelnen Ausgang unabhängig von den anderen.
- Jeder Umsteller öffnet und schließt jeweils nur einen Ausgang von denen, die geregelt werden.
- Mehrere Umsteller können übereinander kombiniert werden.
- Mit Ausnahme des Umstellers mit 3 Ausgängen haben alle Ventile der **M-series** eine Durchlauffunktion, die dem Wasser einen kontinuierlichen Fluss von einem Ventil zum anderen ermöglicht.
- Die Umsteller der **M-series** verfügen zudem über Kontrollfunktionen der Durchflussmenge und des Öffnens und Schließens jedes einzelnen Ausgangs. Aus diesem Grund ist es nicht nötig, ein Absperrventil für ihre Funktion einzusetzen.
- **M-series** erlaubt es, bis zu 7 Ausgängen mit nur 4 Griffen zu steuern.

EN Installation Features

- **The M-series valves have special ports that allow each valve to stack one upon the other. By creating a unique block, the M-series combination is extremely easy to install**
- **The 3-outlet diverter should always be mounted on top of the block**
- **The M-series valves can be installed both vertically and horizontally**

DE Installation

- Die Ventile der M-series verfügen über spezielle Anschlüsse, die es jedem Ventil ermöglichen, über dem anderen angeordnet zu werden. Da sie einen einzigen Block bildet, ist die M-series besonders einfach zu installieren.
- Der Umsteller mit 3 Ausgängen muß immer am oberen Ende der Kombination montiert werden.
- Die Ventile der M-series können sowohl senkrecht als auch waagerecht installiert werden.

GENERAL SALES CONDITIONS
ALLGEMEINE GESCHÄFTSBEDINGUNGEN

EN GRAFF General Terms and Conditions of Sales

I. General Provisions

1. These General Terms and Conditions of Sales (further also referred to as the GTCS) apply to all sales transactions conducted by GRAFF and constitute an integral part of these transactions. These GTCS shall not apply to sales transactions conducted with final consumers (products users).
2. These GTCS are publicly available at www.graff-mixers.com, and this information is communicated to the Buyer before the agreement is concluded. By signing the agreement or placing an order, the Buyer acknowledges that they have read and understood the GTCS and agrees to apply and use all conditions.
3. If the Buyer is in a business relationship with Graff but has not signed the trade cooperation agreement, the Buyer's acceptance of the GTCS for one order shall be considered their acceptance for the remaining orders.
4. If the Buyer has submitted a statement of non-acceptance of the GTCS, Graff retains the right to suspend the release of merchandise until it receives the Buyer's written statement of acceptance of the GTCS.
5. Graff does not accept the GTCS prepared and applied by the Buyer insofar as they are inconsistent with or different from these GTCS. The only exception is the situation where Graff agrees in writing to accept the Buyer's GTCS.

II. Conclusion of the Agreement

1. The essential trade terms applicable in a given period between Graff and the Buyer are described in the trade cooperation agreement signed by both Parties. The Signing of this trade cooperation agreement shall be tantamount to the Buyer's acceptance of the GTCS. To the extent not regulated by the agreement, the GTCS shall apply.
2. In the absence of the trade cooperation agreement, the document that binds the Parties shall be the Buyer's written order confirmed by Graff within 2 business days following the receipt thereof. In the absence of such confirmation, the order shall be deemed not accepted. In the confirmation of the order Graff confirms final terms applicable to sales (if for any reason they may differ from the previously agreed ones).
3. The order should state the following: detailed name and address of the Buyer; ordered products and their quantities; date and place of the delivery; agreed form and date of payment. The order should bear the company stamp and be signed by a person authorised to place orders on behalf of the Buyer.
4. Price lists, advertisements and other sales literature concerning Graff's merchandise are for informational purposes only and shall not be considered binding.

III. Prices and Terms of Payment

1. Retail prices stated by Graff in the price list are net prices (i.e. excluding VAT applicable on a given territory) and they do not include costs of merchandise transport to the destination.
2. When so desired by the Customer, Graff may organise transport of merchandise to the Customer-specified location in which case all related costs are borne by the Customer unless agreed on by prior written consent. Graff retains the exclusive right to select the transportation method and carrier. As soon as the buyer receives merchandise, the Buyer shall be obliged to notify Graff in writing about any and all damage to the merchandise while in transit. Merchandise will be insured for the time of transport against damage, theft or destruction at the Buyer's expense.
3. The selling price for the Buyer shall be based on the price list that is valid on the order placement date. The selling price shall be the list price reduced by an applicable discount only when the discount has been confirmed by Graff in writing (by way of the agreement or order confirmation).
4. The Buyer may be granted a sales discount consisting of a reduction to the net list price, and the display discount i.e. special reduction of the net list price applicable to the Buyer's purchase of products for their own display.
5. Graff reserves the right to change the list prices without prior notice to the Buyer. The change of the price shall not apply to confirmed orders.
6. The entire payment for all received merchandise should be concluded within the time limit specified in the agreement or the invoice. Should the time limit specified in the agreement and the invoice be at variance, payment should be effected at the earlier thereof. In each case the time limit for payment shall be calculated from the invoice date.
7. The Buyer's payment date shall be the date when the receivable is credited to Graff's account.
8. Lodging a complaint shall not authorise the Buyer to withhold payment for the merchandise or a part thereof.
9. In its relationship with Graff, the Buyer shall not have the right to make a unilateral statement on offsetting.
10. Should the payment be delayed, Graff retains the right to charge 8% of interest for the delay.
11. Should the Buyer exceed the time limit for payment for the delivered merchandise under at least one invoice, Graff shall have the right to call for immediate payment of the remaining invoices whose payment deadlines have not expired yet.
12. If the payment amounts due are delayed, Graff shall have the right to withhold processing of other orders placed by the Buyer. If the delays in payments recur or if it is unilaterally ascertained that the Customer is insolvent, Graff shall have the right to terminate the sales agreement immediately.

IV. Delivery Terms

1. Delivery of the merchandise ordered by the Buyer is effectively based on the Buyer's order and Graff's confirmation of the order acceptance. Should the order and confirmation of the order acceptance be at variance, the latter shall prevail. The deadline for delivery shall run from the date of confirmation of the order acceptance and not from the order placement date. The deadline for delivery shall be deemed kept if the merchandise leaves Graff's warehouse before it has passed.
2. Graff reserves the right to postpone the deadline for delivery without any consequences whatsoever if the Buyer has payments to Graff in arrears for the merchandise that they have already collected.
3. Graff shall indicate the anticipated deadline for delivery in writing. Should the deadline for delivery be not confirmed, Graff will make every effort in order to prepare merchandise for collection, taking into account the Buyer's interests.
4. Should the delivery of merchandise be prevented due to a force majeure event that has affected Graff or its suppliers, the Buyer shall have no right to claim for the redress of the damage resulting from non-performance or delayed performance of the agreement. Force majeure events should be understood in particular as business disturbances affecting the manufacturer of merchandise, strikes, shortage of materials, labour or transport vehicles and natural disasters.
5. The Buyer may refuse to accept partial deliveries. Graff shall be obliged to obtain the Buyer's written consent for a partial delivery. A partial delivery should be invoiced in parts.
6. Return of the merchandise that has been delivered in line with the confirmed order and without previous arrangement of such return with Graff shall not be allowed. Merchandise that has been sent back to Graff' warehouse without Graff's knowledge will not be accepted from the carrier. In the case of the approved return of the merchandise already purchased by the Customer, the merchandise will be burdened with 30% of the invoiced price against warehouse handling costs. Graff shall not accept the merchandise other than in the original sealed packaging.
7. The return of defective merchandise shall be an exception to the provisions of item IV.6.

V. Complaints

1. Complaints related to visible damage to the merchandise or their packaging in transport should be lodged as early as possible in the presence of the carrier's representative under loss of claim thereunder. Such complaints should be also recorded in the carrier's receipt.
2. Quantitative complaints should be lodged as early as possible in the presence of the carrier's representative under pain of loss of claim thereunder. While receiving each shipment the Buyer shall be obliged to check received quantities, immediately record missing quantities (if any) in the carrier's receipt and report them to Graff.
3. Complaints lodged by final customers should be pre-verified by relevant personnel of the Buyer and then immediately, i.e. within 24 hours following their report by the final customer, reported to Graff.
4. All complaints should be lodged in writing. A complaint should be lodged with a photograph about the defect to the product and a short description of the defect itself.
5. Should the complaint be admitted, Graff shall be obliged to remove the defect. It is Graff that decides at its own discretion how to remove the defect.
6. The Buyer shall be obliged to store all defective merchandise with due diligence and in a way that prevents their further damage or loss until the complaint is finally settled.
7. If no complaints are lodged in a form and within time limits indicated in the General Terms and Conditions of Sales and a warranty, the Buyer shall lose its right to return the merchandise.
8. Graff's liability for damage inflicted on the Buyer shall be exclusively limited to the value of the order.

VI. Retention of Title

1. Graff retains the title to the sold merchandise until the Buyer makes all payments due under the agreement.
2. The Buyer shall be obliged to notify Graff about any retained merchandise that is a result of enforcement proceedings against the Buyer or its property.
3. If the Buyer fails to pay for merchandise within the agreed time limit, Graff shall be entitled to demand the return of such merchandise from the Buyer. Should the merchandise be used or damaged, Graff shall be entitled to claim for compensation thereunder.

VII. Liability

1. Graff shall not be held liable for improper use of its products. It shall also not be held liable for improper (not in agreement with the included written instructions) assembly of the product and its installation.
2. Graff shall be held liable for damage caused by its products but only when it results from malicious intent or negligence on the part of Graff. Graff shall not be held liable for negligence of its employees or business partners.
3. In each case Graff's liability shall be limited to circumstances that are known or foreseeable at the time when the agreement is concluded.
4. Graff shall not be held liable for the loss of benefit by the Buyer or third parties. Graff shall not be held liable either if any actions are brought against the Buyer by third parties.

VIII. Termination of the Agreement

1. If Graff and the Buyer have concluded the trade cooperation agreement, each Party may terminate it in writing, giving the other Party 30 days' notice.
2. In the absence of the trade cooperation agreement, Graff may terminate the agreement concluded by way of written confirmation of the order immediately should it be unable to execute the order for reasons beyond its control.

IX. Final Provisions

1. The agreement conducted by the Parties and/or the GTCS shall be governed by the governing laws effective in the country where the invoice for Graff's products was issued.
2. The Parties exclude application of the United Nations Convention on the International Sale of Goods.
3. All disputes arising in connection with the GTCS or the trade cooperation agreement (if any) shall be unanimously submitted by the Parties to the court having jurisdiction over Graff's invoice drawer.
4. In the case of the Buyer's change of address, the Buyer shall be obliged to communicate the new address to Graff in writing. Should the Buyer fail to do so, all communications sent to the previous address shall be considered effectively given.
5. If one or more provisions of the GTCS become invalid, the validity of the remaining provisions of the GTCS shall remain intact.

DE **Allgemeine Verkaufsbedingungen GRAFF**

I. Allgemeine Bestimmungen

1. Diese Allgemeinen Verkaufsbedingungen (nachstehend auch „AVB" genannt) finden für alle durch GRAFF (nachstehend auch VERKÄUFER bzw. GRAFF genannt) geschlossenen Verkaufstransaktionen Anwendung und bilden ihren integralen Teil. Diese AVB finden keine Anwendung bei Verkaufstransaktionen die mit Verbrauchern (Endnutzern) geschlossen werden.
2. Diese AVB sind auf der Internetseite www.graff-mixers.com allgemein zugänglich, worüber der Käufer vor der Vertragsschließung in Kenntnis gesetzt wird. Durch die Vertragsunterzeichnung bzw. die Bestellung erklärt der Käufer, dass ihm die AVB bekannt sind sowie dass der Käufer ihren Inhalt versteht und ihnen zustimmt.
3. Wenn der Käufer eine dauerhafte Geschäftsbeziehung zu Graff pflegt, jedoch keinen Vertrag über geschäftliche Zusammenarbeit unterzeichnet hat, gilt die Zustimmung des Käufers zu den AVB bei einer Bestellung als Zustimmung bei weiteren Bestellungen.
4. Wenn der Käufer erklärt hat, dass er den AVB nicht zustimmt, hat Graff das Recht die Herausgabe der Ware einzubehalten bis eine schriftliche Erklärung des Käufers über die Zustimmung zu den AVB bei Graff eingegangen ist.
5. Graff akzeptiert keine durch den Käufer erstellten und angewendeten AVB, soweit sie diesen AVB widersprechen bzw. wenn sie von diesen abweichen. Die einzige Ausnahme hierzu bildet die Situation, wenn Graff eine schriftliche Zustimmung zu den AVB des Käufers erklärt.

II. Vertragsschließung

1. Die in dem jeweiligen Zeitraum zwischen Graff und dem Käufer geltenden grundsätzlichen Geschäftsbedingungen sind in einem durch beide Parteien unterzeichneten Vertrag über geschäftliche Zusammenarbeit festgelegt. Die U terzeichnung eines solchen Vertrages ist der Zustimmung des Käufers zu den AVB gleichzusetzen. In Angelegenheiten die durch den Vertrag nicht geregelt sind finden die AVB Anwendung.
2. Wenn kein unterzeichneter Vertrag über geschäftliche Zusammenarbeit vorliegt, gilt die schriftliche Bestellung des Käufers als bindend für die Parteien die durch Graff innerhalb von 2 Geschäftstagen nach dem Erhalt bestätigt wird. Wenn keine solche Bestätigung vorliegt, gilt die Bestellung als nicht angenommen. In der Bestellungsbestätigung bestätigt Graff die endgültigen Verkaufsbedingungen (wenn diese aus irgendeinem Grund von den früher vereinbarten Bedingungen abweichen können).
3. Die Bestellung soll Folgendes beinhalten: Name und Anschrift des Käufers, Sortiment und Anzahl der bestellten Waren, Ort und Termin der Lieferung, vereinbarte Zahlungsform und Zahlungstermin. Die Bestellung muss mit einem Firmen tempel versehen sein und muss von einer zur Bestellung im Namen des Käufers berechtigten Person unterzeichnet werden.
4. Preislisten, Werbungen und andere Anzeigen über die von Graff angebotenen Waren sind nur für Informationszwecke bestimmt.

III. Preise und Zahlungsbedingungen

1. Die durch Graff in der Preisliste angegebenen Einzelhandelspreise sind Nettopreise (ohne die auf dem jeweiligen Territorium geltende Mehrwertsteuer) abzüglich der Kosten für den Transport der Waren zum Bestimmungsort.
2. Auf Kundenwunsch kann Graff den Transport der Ware zu einem vom Kunden bestimmten Ort organisieren, jedoch hat der Kunde alle damit verbundenen Kosten zu tragen. Die Auswahl der Transportart und der Spedition hat Graff zu treffen. Unverzüglich nach der Warenabnahme ist der Käufer verpflichtet Graff über alle bei dem Transport entstandenen Beschädigungen der Ware in Kenntnis zu setzen. Die Ware wird für den Transport gegen Beschädigung, Diebstahl oder Zerstörung auf Kosten des Käufers versichert.
3. Der Verkaufspreis für den Käufer wird auf der Grundlage der am Bestellungstag geltenden Preisliste bestimmt. Der Verkaufspreis wird durch Senkung des Preises auf der Preisliste um einen eventuellen Rabatt nur dann bestimmt, wenn dieser durch Graff schriftlich bestätigt wurde (in Form eines geschlossenen Vertrages bzw. in der Bestellungsbestätigung).
4. Dem Käufer kann ein Geschäftsrabatt, d.h. Senkung des Nettopreises auf der Preisliste sowie ein Ausstellungsrabatt gewährt werden, d.h. ein Sondernachlass des Nettopreises auf der Preisliste, wenn der Käufer die Produkte für seine eigene Ausstellung erwirbt.
5. Graff behält sich das Recht vor die Preise auf der Preisliste zu ändern ohne darüber den Käufer vorher zu benachrichtigen. Die Preisänderung gilt nicht für die bereits bestätigten Be tellungen.
6. Die Zahlung für die erhaltene Ware hat in voller Höhe und zu einem vertraglich bzw. auf der ausgestellten Rechnung festgelegten Termin zu erfolgen. Bei Diskrepanzen zwischen dem vertraglich festgelegten Termin und dem Termin auf der Rechnung, hat die Zahlung zu dem jeweils früheren Termin zu erfolgen. In jedem Fall läuft der Zahlungstermin ab dem Ausstellungstag der Rechnung.
7. Als Zahlungstag des Käufers gilt der Tag an dem der fällige Betrag auf das Konto von Graff eingegangen ist.
8. Die Meldung einer Beanstandung berechtigt den Käufer nicht dazu die Zahlung des Preises für die Ware bzw. einen Teil der Ware einzubehalten.
9. Der Käufer hat kein Recht darauf gegenüber Graff eine ei seitige Erklärung über Abzug abzugeben.
10. Bei Zahlungsverzug hat Graff das Recht, Verzugszinsen in Höhe von 8% jährlich zu berechnen.
11. Bei einer Überschreitung des Zahlungstermins für die gelieferte Ware seitens des Käufers, die sich aus mindestens einer Rechnung ergibt, hat Graff die sofortige Zahlung der übrigen Rechnungen zu fordern deren Zahlungstermine noch nicht abgelaufen sind.
12. Bei Zahlungsverzug hat Graff das Recht, die Ausführung anderer Bestellungen des Käufers einzubehalten. Bei sich wiederholenden Zahlungsverzögerungen bzw. bei einer einseitigen Feststellung der Insolvenz des Kunden, hat Graff das Recht den Verkaufsvertrag sofort zu kündigen.

IV. Lieferungsbedingungen

1. Die Lieferung der vom Käufer bestellten Ware erfolgt auf der Grundlage seiner Bestellung sowie einer Bestätigung der Bestellungsannahme durch Graff. Bei Diskrepanzen zwischen der Bestellung und der Bestätigung der Bestellungsannahme, ist der Inhalt der Bestätigung der Bestellungsannahme ausschlaggebend. Die Lieferungsfrist läuft ab dem Tag der Bestellungsbestätigung und nicht ab dem Tag der Bestellun sabgabe. Die Lieferungsfrist gilt als eingehalten, wenn vor ihrem Ablauf die Ware das Lager von Graff verlässt.
2. Graff behält sich das Recht vor den Lieferungstermin ohne jegliche Konsequenzen zu verschieben, wenn der Käufer mit seinen Zahlungen für früher abgenommene Waren im Rück tand ist.
3. Graff teilt den voraussichtlichen Lieferungstermin schriftlich mit. Wenn keine schriftliche Terminbestätigung vorliegt, wird Graff alle erforderlichen Maßnahmen ergreifen, um die Ware unter Berücksichtigung der Interessen des Käufers für die Abnahme vorzubereiten.
4. Wenn die Unmöglichkeit der Warenlieferung auf höhere Gewalt, die Graff bzw. seine Lieferanten betrifft, zurückzufü ren ist, hat der Käufer keinerlei Ansprüche auf Behebung des Schadens wegen Nichterfüllung bzw. nicht termingemäßer Erfüllung des Vertrages. Als Ereignisse aufgrund höherer Gewalt sind insbesondere Störungen im Geschäft des Warenherstellers, Streiks, Mangel an Materialien, Arbeitskräften und Transportmitteln sowie Naturkatastrophen zu verstehen.
5. Der Käufer darf die Annahme von Teillieferungen verweigern. Graff ist verpflichtet eine schriftliche Zustimmung des Käufers zu einer Teillieferung einzuholen. Die Teillieferung soll auch teilweise fakturiert werden.
6. Die Rückgabe einer gemäß der bestätigten Bestellung gelieferten Ware ohne eine frühere Absprache mit Graff, ist nicht möglich. Waren die ohne die Kenntnis von Graff zurück zum Lager von Graff verschickt werden, werden von der Spedition nicht abgenommen. Bei Zustimmung zu der Rückgabe einer vom Kunden erworbenen Ware, wird ihm ein Betrag in Höhe von 30% des fakturierten Preises aus den Kosten der Lagerb dienung angerechnet. Graff wird nur solche Waren abnehmen, die in versiegelten Originalverpackungen geliefert werden.
7. Eine Ausnahme der Bestimmungen des Punktes IV.6 bildet die Rückgabe einer mangelhaften Ware.

V. Beanstandungen

1. Beanstandungen, die sichtbare Transportbeschädigungen der Ware bzw. ihrer Verpackung betreffen, sind in Anwesenheit eines Vertreters der Spedition zu melden, unter Androhung des Verfalls des Rechts auf die sich daraus ergebenden Ansprüche. Solche Beanstandungen sind auch auf dem Abnahmeprotokoll der Spedition zu vermerken.
2. Beanstandungen von quantitativen Mängeln sind in Anw senheit eines Vertreters der Spedition zu melden, unter Androhung des Verfalls des Rechts auf die sich daraus ergebenden Ansprüche. Bei Abnahme einer Sendung ist der Käufer verpflichtet, eine quantitative Prüfung der Sendung vorzunehmen und eventuelle Mängel unverzüglich auf dem Abnahmeprotokoll der Spedition zu vermerken und Graff darüber in Kenntnis zu setzen.
3. Durch den Endkunden gemeldete Beanstandungen sind durch den entsprechenden Dienst des Käufers vorläufig zu überprüfen und danach unverzüglich, innerhalb von 24 Stunden nach der Meldung durch den Endkunden, bei Graff zu melden.
4. Alle Beanstandungen haben schriftlich zu erfolgen. Der Beanstandungsmeldung sind ein Foto des Produktmangels sowie eine kurze Beschreibung des Mangels beizufügen.
5. Wenn die Beanstandung als gerechtfertigt anerkannt wird, ist Graff verpflichtet den Mangel zu beheben. Über die Methode zur Behebung des Mangels entscheidet ausschließlich Graff.
6. Bis zu einer abschließenden Überprüfung der Beanstandung ist der Käufer verpflichtet die beanstandete Ware mit gebot ner Sorgfalt so aufzubewahren, dass eine weitere Beschäd gung bzw. weitere Mängel an der Ware verhindert werden.
7. Wenn keine Beanstandung gemäß den in den Allgemeinen Verkaufsbedingungen und in der Garantiekarte festgelegten Formen und Terminen gemeldet wird, verliert der Käufer das Recht die Ware zu beanstanden.
8. Für Schäden des Käufers die Graff zu verantworten hat, haftet Graff nur für die Höhe des Bestellwertes.

VI. Eigentumsvorbehalt

1. Graff behält sich das Eigentumsrecht an der verkauften Ware bis zur Begleichung sämtlicher aus dem Vertrag sich erg benden Forderungen durch den Käufer vor.
2. Der Käufer ist verpflichtet Graff über die Beschlagnahmung der Ware in einem Vollstreckungsverfahren, das den Käufer bzw. sein Vermögen betrifft, zu benachrichtigen.
3. Wenn der Käufer keine Zahlung für die Ware zu dem verei barten Termin leistet, hat Graff das Recht, Warenrückgabe von dem Käufer zu fordern. Bei Abnutzung bzw. Beschädigung der Ware hat Graff das Recht, die sich daraus ergebende Entschädigung in Anspruch zu nehmen.

VII. Haftung

1. Graff übernimmt keine Haftung für unsachgemäße Nutzung seiner Produkte. Graff übernimmt auch keine Haftung für unsachgemäßen (nicht gemäß der Anleitung durchgeführten) Zusammenbau des Produktes sowie dessen Montage durch nicht qualifizierte Monteure.
2. Graff haftet für die durch seine Produkte verursachten Schäden, jedoch nur dann, wenn der Schaden auf böswillige Absicht bzw. Versäumnis zurückzuführen ist. Graff übernimmt keine Haftung für Versäumnisse der Mitarbeiter bzw. Partner.
